NEWS RELEASE

Elm Tree Root Injections

Durango, CO: The City of Durango Parks Division will be performing root zone ground injections for approximately 150 American Elm Trees located in the public right-of-way and city parks throughout the community. The root zone injections will be executed by a contract company and will target the insect European Elm Scale and Leaf Roller Aphids. The applications will begin June 3, 2019 and will proceed throughout the spring.

For more information, contact Greg Sykes, City Arborist, at 375-7383.
