The Organically Managed Lands Program was implemented in August 2013 involving the eight parks listed above with the addition of Riverview Sports Complex (6.7 acres). The 2014 cost for all nine parks involved in the pilot program was \$66,318 in organic material costs and \$18,695 in labor for a total program cost of \$85,013. During the preparation of the 2015 budget in response to citizen requests, the Durango City Council removed Riverview Sports Complex to save \$37,176 in organic material costs and \$8,113 in labor for a total savings of \$45,289. The remaining eight park sites will be managed in accordance with the Organically Managed Lands Program protocol prepared by Osborne Organics.
