NEWS RELEASE

Folsom Park Neighborhood Meeting

Durango, CO: The Durango Parks and Recreation Department would like to notify interested residents of a neighborhood meeting scheduled for Thursday, April 27, 2017 at 5:00 p.m. at the picnic pavilion in Folsom Park located at 11 Folsom Place.

The City of Durango is redeveloping the Wastewater Treatment Plant in Santa Rita Park and the new facility will require the removal of the existing sand volleyball courts. The Parks and Recreation Department is exploring options for locating sand volleyball courts in an existing park with appropriate infrastructure to support this type of use. The north end of Folsom Park has been identified as a potential location for two non-lighted sand volleyball courts.

For additional information in advance of the meeting, feel free to call the Parks and Recreation Department Administrative Office (970) 375-7321 or by email at rec@durangogov.org
