NEWS RELEASE

Durango Public Library adds English Language Learning Materials

Durango, CO: Thanks to funds from the Colorado State Grants to Libraries, the Durango Public Library recently added over 250 items to assist with English Language Learning (ELL). Working in partnership with the Durango Adult Education Center, the Library was able to focus on selecting the materials needed to support English learners. This collection contains a mixture of both hardcopy and digital titles, with many titles containing an audio companion. Stop by the Durango Public Library today and check out the new ELL collection or ask staff for assistance. For more information contact Donna Arment, Collection Management Librarian, at 970-375-3380 or by email donna.arment@durangogov.org.
