NEWS RELEASE

Children's Room at the Durango Public Library Closing for Remodel 2/12-2/19

Durango, CO: In order to install new carpet and furniture, the Durango Public Library's Children's Room will be closed from Monday, February 12 through Monday, February 19, 2018, re-opening on Tuesday, February 20. Moving furniture, shelving and computers will begin on Friday February 9, so you can expect limited access during that process. The rest of the Library will be open and available throughout the project during our normal business hours.

During the closure, all children's programs will be cancelled. A limited selection of materials will be made available during that time. Computer access for ages 0-12 will not be available.

This project is funded by the Library Advisory Board, which allocated building fund monies through the Friends of the Library. For questions, please contact Library Director Sandy Irwin at 970-375-3389 or sandy.irwin@durangogov.org.
