

Provide Quality Recreational Experiences

Givens	What we heard	Our ideas Based on Community Input
2016 BOR Environmental Assessment: Allow multiple uses	Inclusive; Lake access for all Physical Abilities	Community Volunteer Stewards
Law Enforcement	Users participate in multiple activities	Adaptive Operation & Management
Adherence to City, State, and Federal Laws	Limit Speed/Horsepower = No Wake	Provide Community Special Events
Separate Water Access for Motorized and Non-motorized Users	Limit Size of Boats	Extensive Reporting & Tracking
Zoned Recreation	No Motorboats/Allow Motorboats	
Restricted Public Access	Schedule for Uses	
Number of Boats Limited by Parking	Expand No Wake Zone	
Counterclockwise Direction of Travel for Towed Recreation in Open Use Area	Keep Zoned Use on Lake	
Qualified Parks & Recreation Staff On-Site During Operating Hours	Balanced Uses	
Scheduled Hours of Operation	Access to West Side of Lake	
Lake Access from CR 211 is Closed	User Etiquette/Boater Education	
	Go Slow - Implement Incrementally, Monitor, Adjust	
	Proceed with 2014 Recreation Plan	
	No Jet Skis	
	Family Oriented	
	Motorized users generate more revenue	
	Environmental Conditions can dictate Speed of Boat Travel for safety	

Recreation Experience

Question	Community Recommendations
<p>In addition to the givens, how might we provide a quality recreational experience for a broad base of users?</p>
