

Drive 7 is steep, gravelly and rutted between Drives D and E. Drive 7 continues west/downhill into a staging area restricted to Parks and Recreation Department use; no public access.

The actual layout along Drive F is different than shown here. Drives 3-8 stop when they reach Drive F. At its southernmost boundary Drive F bends around into Drive 3, and then continues southward with Block 18 to its right/west and Block 19 on its left/east.

Block #s outlined in light blue means the City has few or no deeds for the graves in those Blocks.

For some unknown reason, there are no Blocks 36-39.

The City has sold grave plots in the N-S alleyway that divides Block 47.

Cemetery staff refers to the (mostly vacant) portion of the GAR section in Block 13 as "The Triangle."

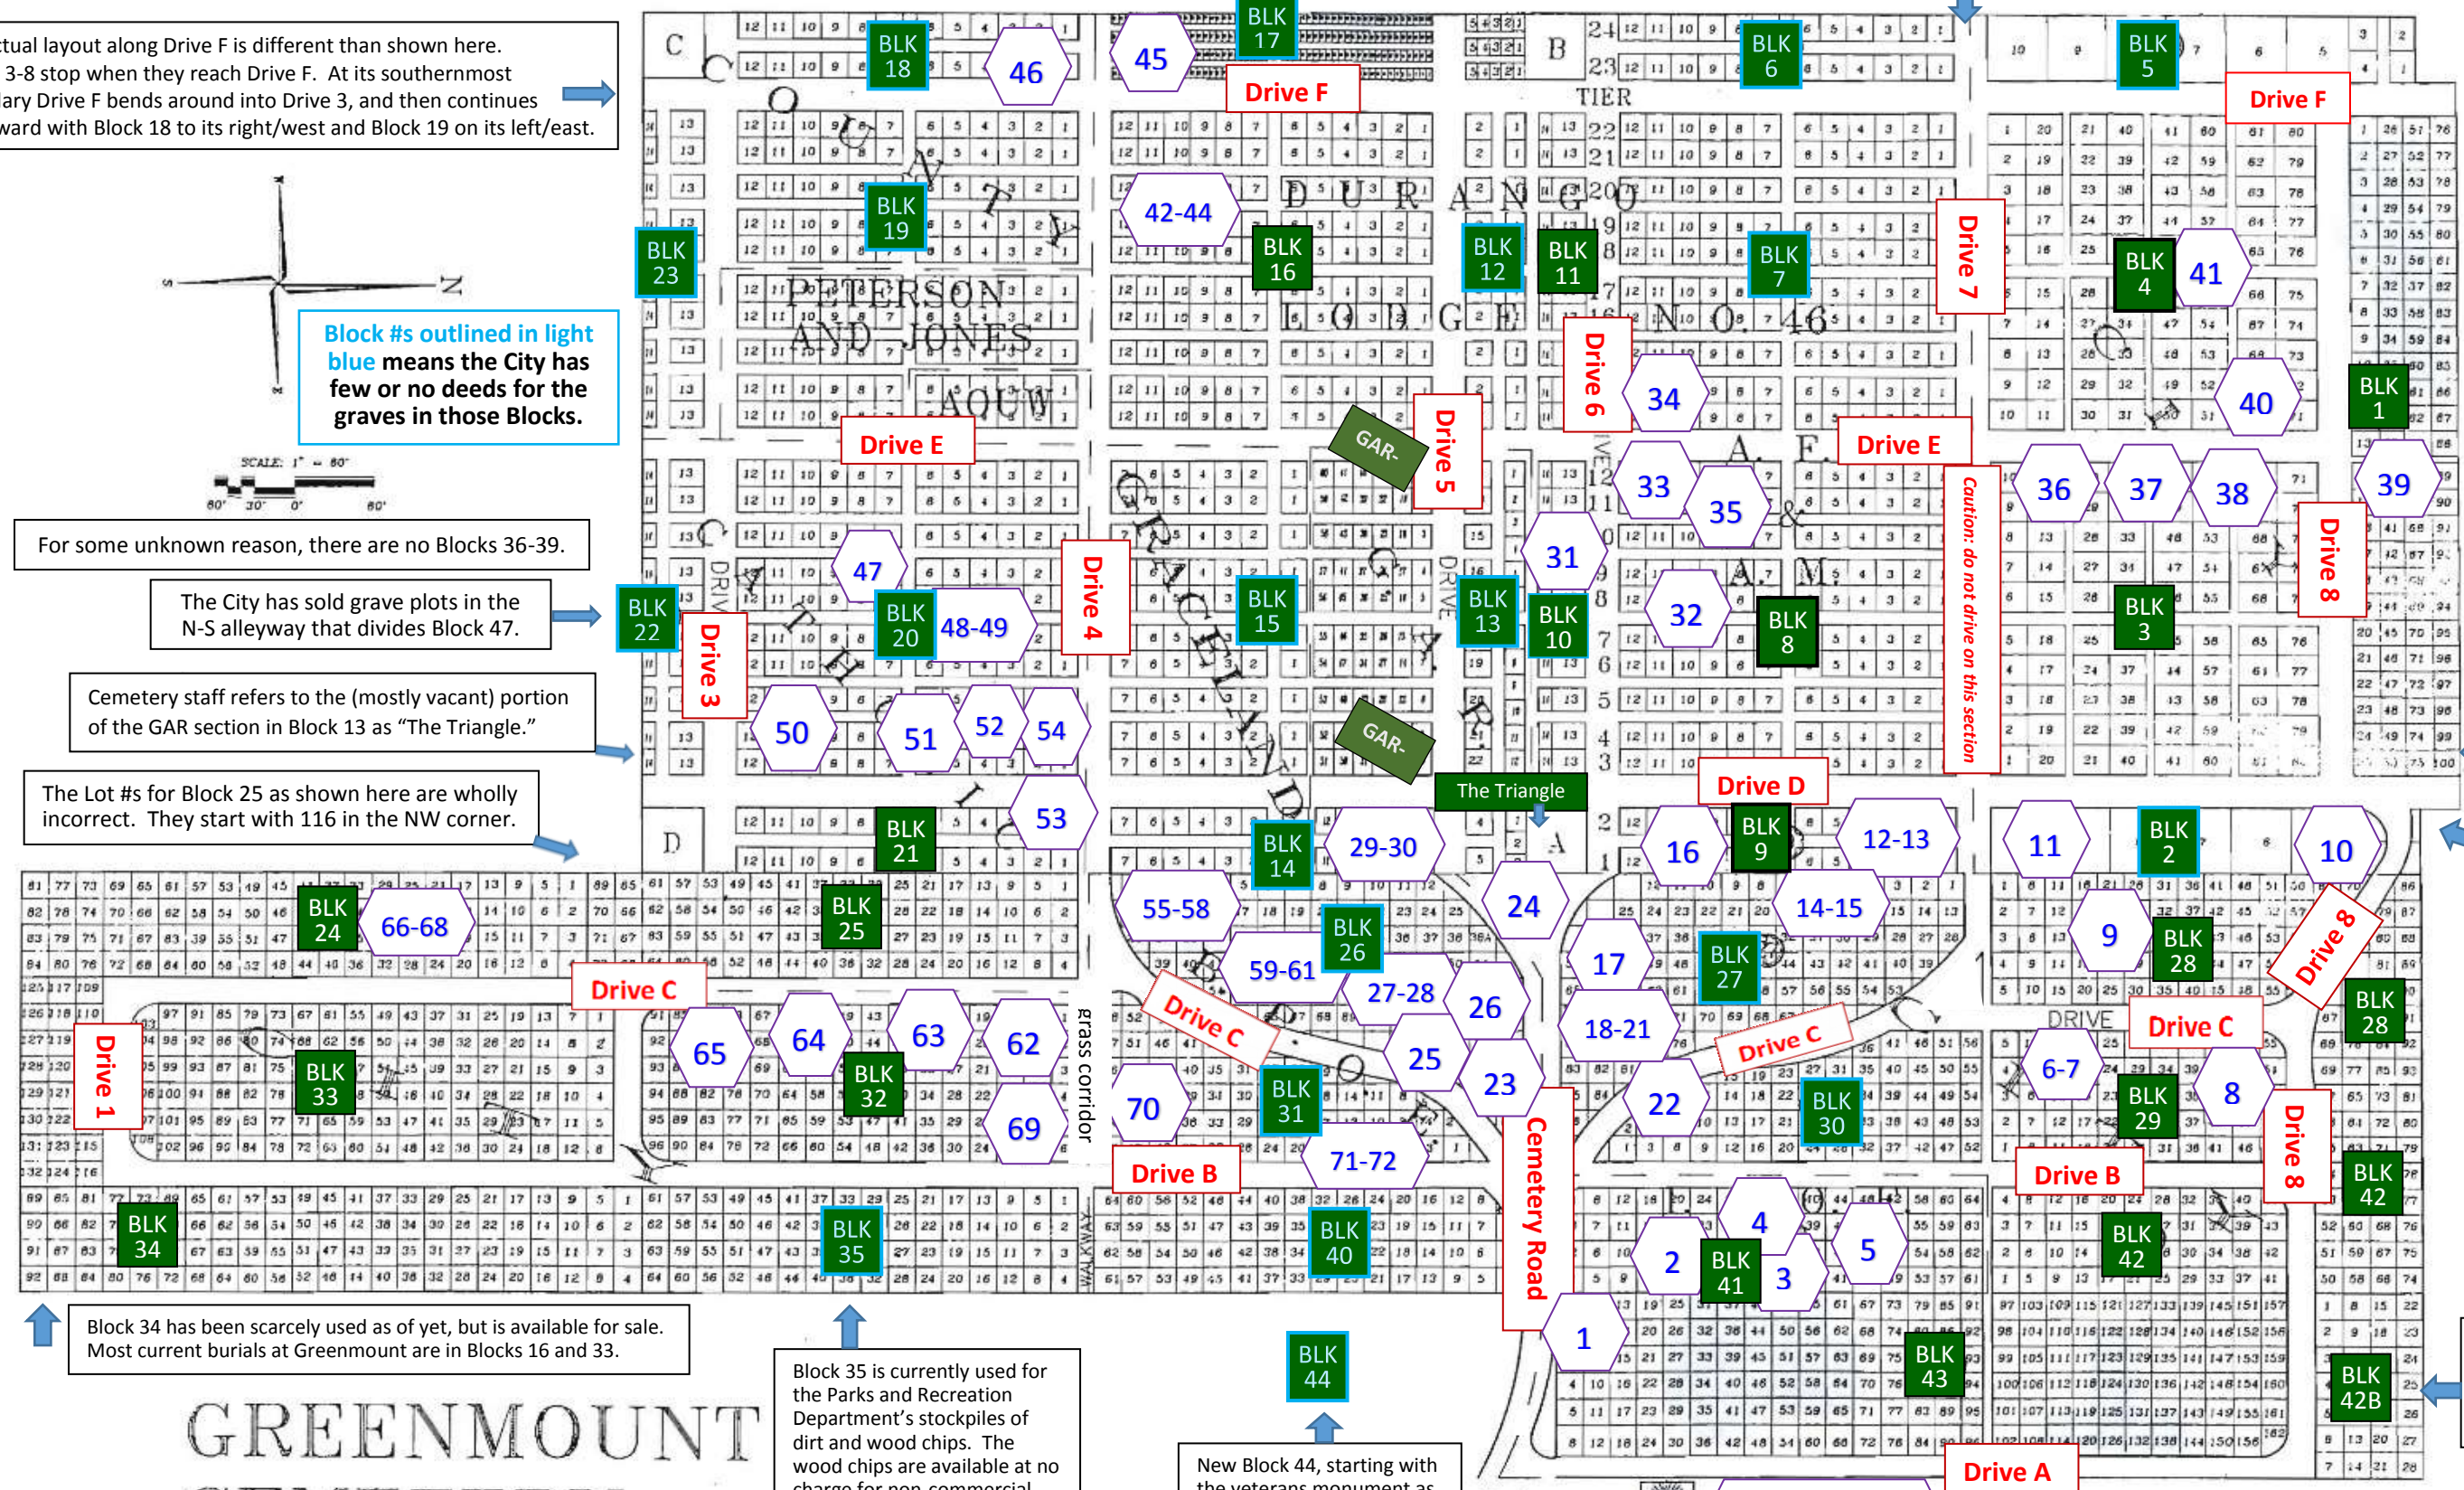

The Lot #s for Block 25 as shown here are wholly incorrect. They start with 116 in the NW corner.

On 12/12/2017 the City purchased 9.75 acres directly to the north of Block 1 from the Elks for \$400,000, as open space, which will give the City future possibilities for burials at Greenmount.

The actual Lot #s in Block 1 are somewhat different than this. They go to Lot 75.

The actual layout of Drive 8 is different than drawn. It doesn't angle over; it is pretty much a straight line between Drives A & F.

Block 42B is numbered this way because it is where babies are interred.

Caution: do not drive on this section

GREENMOUNT CEMETERY

Markings 2/12/2018 by Todd Ellison, Records Manager, City Clerk's Office. Please email comments and corrections to todd.ellison@durangogov.org

Block 35 is currently used for the Parks and Recreation Department's stockpiles of dirt and wood chips. The wood chips are available at no charge for non-commercial use. Wood chip mulch is a useful means of improving water retention and soil conditions, especially given the clay soils around here.

New Block 44, starting with the veterans monument as you first get up the hill; includes grave sites for US veterans. This veterans section is managed similar to a national cemetery; the DD214 discharge document is a requirement for its use.
